Instructions for use

Apply **STAIN WASH OXY** directly onto the stain before washing.

Rub in to the stain if necessary. Wash immediately, do not leave undiluted product in prolonged contact with textiles.

STAIN WASH OXY can also be used to remove stains when added to the main wash of a laundry process.

Caution: If you are unsure about color fastness, test in an inconspicuous part of the linen. When pre-treating items, the undiluted product should not be come into contact with metal or be exposed to direct sunlight.

Physico-chemical properties

pH (100%): 4
 Density (20°C): ± 1.0 g/ml
